**Thank you to all the Parents/
Carers who joined the
children for the Rosary.**

2 Seahorses had a busy morning in the nature area. They investigated animal life - hunting for bugs and insects. We played games involving predators and prey.

Later in the morning, Seahorses produced pirate maps hiding treasures around the nature area. They swapped their maps with other groups, leaving them to hunt for each other's treasure!

Some more successfully than others. Well done Year 2.

4G Invertebrate Hunt

Captain of the **Seahorses** ship asked maths questions after which the children had to walk the plank.

Maths Clic knowledge entwined with our pirate topic made for a very exciting maths lesson. Our quartermaster who ensured the children walked the plank was in great form and showed terrific drama skills.

Some Wonderful work on display in our classrooms for topic 7 OF Our RE - Pentecost and serving.

2 Seahorses class thought about the different figure heads on the front of pirate ships. They designed their own using salt dough and painted their designs in class. They look amazing.. we had mermaids, eagles, turtles, and even a star to guide and protect our ships.

A new **Science club** got underway last night. Children from Year 1 and 2 experimented with cars on different surfaces. They found that the sand and grass were the worst for the car to travel on because, "It was too sticky, they crashed, they didn't move at all." The table tennis surface and the floor in the school were best because, "The surface was smooth and slippery."
