1. Introduction

Schools and their staff form part of the wider safeguarding system for children. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

(Keeping Children Safe in Education – DfE, 2021)

This Child Protection policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the safeguarding arrangements for our school and should be read in conjunction with the following:

- Keeping Children Safe in Education (DfE, 2021)
- the school Behaviour policy;
- the school Staff Behaviour policy (sometimes called Staff Code of Conduct);
- the safeguarding response to children missing from education
- the role of the Designated Safeguarding Lead (Annex C of KCSIE)

Safeguarding and promoting the welfare of children (*everyone under the age of 18*) is defined in Keeping Children Safe in Education as:

- Protecting children from maltreatment
- Preventing impairment of children’s mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Our school has a whole-school approach to safeguarding, which ensures that keeping children safe is at the heart of everything we do and underpins all systems, processes and policies. It is important that our values are understood and shared by all children, staff, parents / carers, governors and the wider school community. Only by working in partnership, can we truly keep children safe.

2. Statutory framework

There is government guidance set out in [Working Together \(DfE, 2018\)](#) on how agencies must work in partnership to keep children safe. This guidance places a shared and equal duty on three Safeguarding Partners (the Local Authority, Police and Health) to work together to safeguard and promote the welfare of all children in their area under multi-agency safeguarding arrangements. These arrangements sit under the Southend Safeguarding Children’s Partnership <http://www.safeguardingsouthend.co.uk>

In Southend, the statutory partners are Southend-on-Sea Borough Council, Essex Police and one of the seven Clinical Commissioning Groups covering the county of Essex.

Section 175 of the Education Act 2002 (*Section 157 for Independent schools*) places a statutory responsibility on the governing body to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.

In Southend, all professionals must work in accordance with the [SET Procedures](#). Our school also works in accordance with the following legislation and guidance (*this is not an exhaustive list*):

[Keeping Children Safe in Education \(DfE, 2021\)](#)

[Working Together \(DfE, 2018\)](#)

Education Act (2002)

[Counter-Terrorism and Security Act \(HMG, 2015\)](#)

[Serious Crime Act 2015](#) (Home Office, 2015)

Children and Social Work Act (2017)

[Children Missing Education - statutory guidance for local authorities \(DfE, 2016\)](#)

Sexual Offences Act (2003)

Education (Pupil Registration) Regulations 2006

[Information sharing advice for safeguarding practitioners \(HMG, 2018\)](#)

[Data Protection Act \(2018\)](#)

[What to do if you're worried a child is being abused](#) (HMG, 2015)

[Searching, screening and confiscation](#) (DfE, 2018)

Children Act (1989)

Children Act (2004)

[Preventing and Tackling Bullying \(DfE, 2017\)](#)

Female Genital Mutilation Act 2003 (S. 74 - Serious Crime Act 2015)

[Sexual violence and sexual harassment between children in schools and colleges \(DfE, 2021\)](#)

[Preventing youth violence and gang involvement \(Home Office, 2015\)](#)

[Criminal Exploitation of children and vulnerable adult - county lines guidance \(Home Office, 2018\)](#)

[Use of reasonable force Advice for headteachers, staff and governing bodies \(DfE July 2013\)](#)

[Teaching on-line safety in schools \(DfE, 2019\)](#)

3. Roles and responsibilities

All adults working with or on behalf of children have a responsibility to protect them and to provide a safe environment in which they can learn and achieve their full potential. However, there are key people within schools and the Local Authority who have specific responsibilities under child protection procedures. The names of those in our school with these specific responsibilities (the designated safeguarding lead and deputy designated safeguarding leads) are shown on the cover sheet of this document. However, we are clear that

safeguarding is everyone's responsibility and that everyone who comes into contact with children has a role to play.

The Local Governing Committee

The Local Governing Committee ensures that the policies, procedures and training in our school are effective and comply with the law at all times. It ensures that all required policies relating to safeguarding are in place, that the child protection policy reflects statutory and local guidance and is reviewed at least annually.

The governor for safeguarding arrangements is named on the front cover of this document. This governor takes strategic responsibility at governing body level for safeguarding arrangements in our school. The governing body ensures there is a named Designated Safeguarding Lead and at least one Deputy Safeguarding Lead in place (also named on the front cover).

The Local Governing Committee ensures the school contributes to inter-agency working, in line with statutory and local guidance. It ensures that information is shared and stored appropriately and in accordance with statutory requirements.

The Local Governing Committee ensures that all adults in our school who work with children undergo safeguarding and child protection training at induction as appropriate and that it is regularly updated. All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and knowledge to keep our children safe.

The Local Governing Committee ensures our pupils are taught about safeguarding (including online safety) through teaching and learning opportunities as part of a broad and balanced curriculum. We work in accordance with government regulations which make the subjects of Relationships Education (for primary age pupils) and Relationships and Sex Education (for secondary age pupils) and Health Education (for all pupils in state-funded schools) mandatory.

The Local Governing Committee and school leadership team are responsible for ensuring the school follows recruitment procedures that help to deter, reject or identify people who might abuse children. It adheres to statutory responsibilities to check adults working with children and has recruitment and selection procedures in place (see the school's 'Safer Recruitment' policy for further information). It ensures that volunteers are appropriately supervised in school.

The Headteacher

The Teachers' Standards 2012 state that teachers (which includes headteachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties. The Headteacher works in accordance with all statutory requirements for safeguarding and is responsible for ensuring that safeguarding policies and procedures adopted by the Local Governing Committee are followed by all staff.

The Designated Safeguarding Lead (and Deputies)

The Designated Safeguarding Lead in school has ultimate lead responsibility for safeguarding and child protection. Their role includes managing child protection referrals, working with other agencies, ensuring all staff are appropriately trained and raising awareness of all safeguarding and child protection policies and procedures. They ensure that everyone in school (including temporary staff, volunteers and contractors) is aware of these procedures and that they are followed at all times. They act as a source of advice and support for other staff (on child protection matters) and ensure that timely referrals to Southend Children's Social Care (MASH + Multi-agency Safeguarding Hub) are made in accordance with current SET procedures. They work with the local authority and other agencies as required and ensure that information is shared appropriately.

The Deputy Designated Safeguarding Leads are trained to the same standard as the Designated Safeguarding Lead. If for any reason the designated safeguarding lead is unavailable, the Deputy Designated Safeguarding Leads will act in their absence.

All school staff

Everyone in our school has a responsibility to provide a safe learning environment in which our children can learn. Any child may benefit from early help and all staff members are aware of the local early help process and our role in it. They are aware of signs of abuse and neglect so they are able to identify children who may be in need of help or protection. All staff members are aware of and follow school processes (as set out in this policy) and are aware of how to make a referral to Social Care if there is a need to do so. If staff have any concerns about a child's welfare, they must act on them immediately and speak with the Designated Safeguarding Lead (or deputy) – they do not assume that others have taken action.

4. Types of abuse / specific safeguarding issues

Keeping Children Safe in Education (DfE, 2021) describes abuse in the following way:

“Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or another child or children”

Keeping Children Safe in Education refers to four categories of abuse:

- Physical
- Emotional
- Sexual
- Neglect

Our staff will always reassure children who report abuse / victims of abuse that they are taken seriously and that they will be supported and kept safe. We will never make a child feel ashamed for reporting abuse, nor make them feel they are causing a problem.

All staff in our school are aware of the signs of abuse and neglect so we are able to identify children who may be in need of help or protection. All staff are aware of environmental factors which may impact on a child's welfare and safety and understand safeguarding in the wider context (contextual safeguarding). We understand that abuse, neglect and safeguarding issues are rarely 'stand-alone' events and that, in most cases, multiple issues will overlap.

In addition, staff are aware of other types of abuse and safeguarding issues that can put children at risk of harm. We understand that behaviours linked to issues such as drug taking and / or alcohol misuse, deliberately missing education and consensual / non-consensual sharing of nude and semi-nude images can be signs that children are at risk.

Child Criminal Exploitation (CCE) and Child Sexual Exploitation (CSE)

Both CCE and CSE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Child Sexual Exploitation (CSE) is a form of child abuse, which can happen to boys and girls from any background or community. It may occur over time, or be a one-off occurrence. In Southend, the definition of Child Sexual Exploitation (CSE) from the Department of Education (DfE, 2017) has been adopted:

"Child Sexual Exploitation is a form of child sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology".

It is understood that a significant number of children who are victims of CSE go missing from home, care and education at some point. Our school is alert to the signs and indicators of a child becoming at risk of, or subject to, CSE and will take appropriate action to respond to any concerns. The designated safeguarding lead will lead on these issues and work with other agencies as appropriate.

Children missing from education

All children, regardless of their age, ability, aptitude and any special education needs they may have, are entitled to a full-time education. Our school recognises that a child missing education is a potential indicator of abuse or neglect and will follow the school procedures for unauthorised absence and for children missing education. It is also recognised that, when not in school, children may be vulnerable to or exposed to other risks, so we work with parents and other partners to keep children in school whenever possible.

Parents should always inform us of the reason for any absence. Where contact is not made, a referral may be made to another appropriate agency (Missing Education and Child Employment Service, Social Care or Police). Parents are required to provide at least two emergency contact numbers to the school, to enable us to communicate with someone if we need to.

Our school complies with Children missing education (DfE, September 2016) and [Southend on Sea Borough Council Early Help and Family Support Children Missing Education Guidance \(January 2019\)](#).

Our school must inform the Local Authority of any pupil who has been absent for a continuous period of 10 days or more without a good reason, and the school has satisfied all avenues of enquiry and is unsuccessful tracing the pupil.

We work in accordance with the Southend Protocol for children who go missing during the school day, to ensure that there is an appropriate response to children who go missing. Further guidance can be found on the [Southend Children's Safeguarding Partnership](#) website.

Our school also complies with the regulations regarding Elective Home Education (Regulation 12 of the Education (Pupil Registration) (England) Regulations 2006 as amended 2016) and Southend's guidance <http://www.southendlearningnetwork.co.uk/Services/4834>. Our school notifies the Elective Home Education Team via secure email to ehe@southend.gov.uk at the earliest opportunity and, when relevant, immediately provides a copy of the parents written notification to home educate and the date they came off roll.

Contextual safeguarding

Safeguarding incidents and behaviours can be associated with factors outside our school. All staff are aware of contextual safeguarding and the fact they should consider whether wider environmental factors present in a child's life are a threat to their safety and / or welfare. To this end, we will consider relevant information when assessing any risk to a child and share it with other agencies to support better understanding of a child and their family.

Further guidance can be found on the [Southend Children's Safeguarding Partnership](#) website.

Domestic abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. Domestic abuse is not limited to physical acts of violence or threatening behaviour, and can include emotional, psychological, controlling or coercive behaviour, sexual and/or economic abuse. Our school recognises that exposure to domestic abuse can have a serious, long-term emotional and psychological impact on children. We work with other key partners and will share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm.

Further guidance can be found on the [Southend Children's Safeguarding Partnership](#) website.

So-called 'honour-based violence' (including Female Genital Mutilation and forced marriage)

Female Genital Mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to female genital organs. It is illegal in the UK and a form of child abuse.

As of October 2015, the Serious Crime Act 2015 (Home Office, 2015) introduced a duty on teachers (and other professionals) to notify the police of known cases of female genital mutilation where it appears to have been carried out on a girl under the age of 18. Our school will operate in accordance with the statutory requirements relating to this issue, and in line with local safeguarding procedures.

A *forced marriage* is one entered into without the full consent of one or both parties. It is where violence, threats or other forms of coercion is used and is a crime. Our staff understand how to report concerns where this may be an issue.

Further guidance can be found on the [Southend Children's Safeguarding Partnership](#) website.

Mental health

Our staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. We understand that, where children have suffered abuse or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Where we have concerns this may impact on mental health, we will seek advice and work with other agencies as appropriate to support a child and ensure they receive the help they need.

Positive mental health is the concern of the whole community and we recognise that schools play a key part in this. Our school aims to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. We understand that there are risk factors which increase someone's vulnerability and protective factors that can promote or strengthen resiliency. The more risk factors present in an individual's life, the more protective factors or supportive interventions are required to counter-balance and promote further growth of resilience.

It is vital that we work in partnership with parents to support the well-being of our pupils. Parents should share any concerns about the well-being of their child with school, so appropriate support and interventions can be identified and implemented.

Online safety

We recognise that our children are growing up in an increasingly complex world, living their lives on and offline. This presents many positive and exciting opportunities, but we recognise it also presents challenges and risks. Any pupil can be vulnerable online, and their vulnerability can fluctuate depending on their age, developmental stage and personal circumstance. We want to equip our pupils with the knowledge needed to make the best use of the internet and technology in a safe, considered and respectful way, so they are able to reap the benefits of the online world.

The range of online risks could be categorised as:

content: being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, suicide, racist or radical and extremist views;

contact: being subjected to harmful online interaction with other users; for example peer to peer pressure, commercial advertising as well as adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes;

conduct: personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying

commerce: risks such as online gambling, inappropriate advertising, phishing and / or financial scams

Further guidance can be found on the [Southend Children's Safeguarding Partnership](#) website.

All staff in our school are aware of the risks to children online and we seek to help children keep themselves safe online in a range of ways – see our E-Safety Policy where we aim to provide further information.

Peer-on-peer abuse

Our school may be the only stable, secure and safe element in the lives of children at risk of, or who have suffered harm. Nevertheless, whilst at school, their behaviour may be challenging and defiant, or they may instead be withdrawn, or display abusive behaviours towards other children. Our school recognises that some children may abuse their peers and that this may happen in school, or outside of it. Any incidents of peer-on-peer abuse will be managed in the same way as any other child protection concern and will follow the same procedures. We will seek advice and support from other agencies as appropriate.

Our school recognises that, even though peer-on-peer abuse / harmful sexual abuse may not be reported, it is likely that it is occurring and we are clear there is a zero tolerance to inappropriate or abusive behaviour. We understand the barriers which may prevent a child from reporting abuse and work actively to remove these.

Peer on peer abuse can manifest itself in many ways. This may include bullying (including cyber bullying), physical abuse, sexual violence / sexual harassment, 'up-skirting', 'sexting' (now also known as youth produced sexual imagery) or initiation / hazing type violence and rituals. We do not tolerate any harmful behaviour in school and will take swift action to intervene where this occurs, challenging inappropriate behaviours when they occur – we do not normalise abuse, nor allow a culture where it is tolerated.

We use lessons and assemblies to help children understand, in an age-appropriate way, what abuse is and we encourage them to tell a trusted adult if someone is behaving in a way that makes them feel uncomfortable. Our school understands the different gender issues that can be prevalent when dealing with peer-on-peer abuse. We will never make a child feel ashamed for reporting abuse, nor that they are creating a problem by doing so.

Please also see: *Anti-bullying policy, Behaviour Policy*

Prevention of radicalisation

As of July 2015, the [Counter-Terrorism and Security Act \(HMG, 2015\)](#) placed a new duty on schools and other education providers. Under section 26 of the Act, schools are required, in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”. This duty is known as the Prevent duty.

It requires schools to:

- teach a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion
- be safe spaces in which children / young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas
- be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues

CHANNEL is a national programme which focuses on providing support at an early stage to people identified as vulnerable to being drawn into terrorism.

Our school operates in accordance with local procedures for PREVENT and with other agencies, sharing information and concerns as appropriate. Where we have concerns about extremism or radicalisation, we will seek advice from appropriate agencies and, if necessary, refer to Social Care and / or the Channel Panel.

Serious violence

All staff are aware of the risk factors and indicators which may signal that children are at risk from or involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that a child has been approached by, or is involved with, individuals associated with criminal networks or gangs.

5. Children potentially at risk of greater harm

We recognise that some children may potentially be at risk of greater harm and require additional help and support. These may be children with a Child in Need or Child Protection Plan, those in Care or previously in Care or those requiring mental health support. We work with Social Care and other appropriate agencies to ensure there is a joined-up approach to planning for these children and that they receive the right help at the right time.

Our school understands that children with special educational needs (SEN) and / or disabilities can face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration
- That they may be more prone to peer group isolation than others
- The potential to be disproportionately impacted by things like bullying, without outwardly showing signs
- Communication difficulties in overcoming these barriers

6. Procedures

Our school works with key local partners to promote the welfare of children and protect them from harm. This includes providing a co-ordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans which provide additional support (through a Child in Need or a Child Protection Plan).

All staff members have a duty to identify and respond to suspected / actual abuse or disclosures of abuse. Any member of staff, volunteer or visitor to the school who receives a disclosure or allegation of abuse, or suspects that abuse may have occurred **must** report it immediately to the Designated Safeguarding Lead (or, in their absence, the Deputy Designated Safeguarding Lead), so that discussion can take place regarding whether any support for the child can be managed internally via the school's own pastoral support process, or if an early help assessment is indicated, or a referral to Children's Social Care and/or the Police.

All action is taken in accordance with the following guidance:

- Southend Children's Safeguarding Partnership guidelines -the [SET Procedures](#) (Southend, Essex and Thurrock) Child Protection Procedures
- [Keeping Children Safe in Education \(DfE, 2021\)](#)
- [Working Together to Safeguard Children \(DfE, 2018\)](#)
- [What to do if you're worried a child is being abused' \(HMG, 2015\)](#)
- [The Prevent duty Departmental advice for schools and childcare providers \(DfE, Aug 2015\)](#)

Any staff member or visitor to the school must refer any concerns to the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead.

If the child is in immediate danger, or at risk of immediate harm, concerns will be referred by telephone to Children's Social Care and/or the Police. A telephone referral to Children's Social Care must be confirmed in writing within 48 hours, using the EHFS form to provide the information required.

The Early Help Family Support Assessment (EHFSA) should be used to support a child Protection referral. (The EHFSA form and guidance is available on the [Southend Children's Safeguarding Partnership](#) website and Southend Learning Network. A completed EHFSA form contains all the information required for a child protection referral and should be sent to MASH+. Essential information will include the pupil's name, address, date of birth, family composition, the reason for the referral, whether the child's parents are aware of the referral, the name of person who initially received the disclosure, plus any advice given. This written confirmation must be signed and dated by the referrer.

Less urgent concerns or requests for support will be sent to MASH+. The school may also seek advice from Social Care or another appropriate agency about a concern, if we are unsure how to respond to it. Wherever possible, we will share any safeguarding concerns, or an intention to refer a child to Children's Social Care, with parents or carers. However, we will not do so where it is felt that to do so could place a child at greater risk of harm or impede a criminal investigation. If it is necessary for another agency to meet with a child in school, we will always seek to inform parents or carers, unless we are advised not to by that agency. On occasions, it may be necessary to consult with MASH+ and / or Southend Police for advice on when to share information with parents / carers.

If a member of staff continues to have concerns about a child and feels the situation is not being addressed or does not appear to be improving, all staff understand they should press for re-consideration of the case with the Designated Safeguarding Lead.

If, for any reason, the Designated Safeguarding Lead (or deputy) is not available, this will not delay appropriate action being taken. Safeguarding contact details are displayed in the school to ensure that all staff members have unfettered access to safeguarding support, should it be required. Any individual may refer to Social Care where there is suspected or actual risk of harm to a child.

When new staff, volunteers or regular visitors join our school they are informed of the safeguarding arrangements in place, the name of the Designated Safeguarding Lead (and deputy/deputies) and how to share concerns with them.

7. Training

In line with statutory requirements, the Designated Safeguarding Lead (and deputies) undertake child protection training specifically for Designated Safeguarding Leads at least every two years. The Headteacher, all staff members and governors receive appropriate child protection training which is regularly updated and in line with advice from the Southend Children's Safeguarding Partnership. In addition, all staff members and other adults working with children in our school receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Records of any child protection training undertaken are kept for all staff and governors.

The school ensures that the Designated Safeguarding Lead (and deputies) also undertakes training in inter-agency working and other matters as appropriate.

8. Professional confidentiality

Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils) or promise to keep a secret. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the Designated Safeguarding Lead and may require further referral to and subsequent investigation by appropriate authorities.

Information on individual child protection cases may be shared by the Designated Safeguarding Lead (or deputy) with other relevant staff members. This will be on a 'need to know' basis only and where it is in the child's best interests to do so.

9. Records and information sharing

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern held about a child or children within our school and when these records should be shared with other agencies.

Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 2018 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing information where there are real safeguarding concerns. Fears about sharing information cannot be allowed to stand in the way of the need to safeguard and promote the welfare of children at risk of abuse or neglect. Generic data flows related to child protection

are recorded in our Records of Processing Activity and regularly reviewed; and our online school privacy notices accurately reflect our use of data for child protection purposes.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, will record it as soon as possible, noting what was said or seen (if appropriate, using a body map to record), giving the date, time and location. All records will be dated, signed and then presented to the Designated Safeguarding lead (or deputy), who will decide on appropriate action and record this accordingly.

Any records relating to child protection are kept on an individual child protection file for that child (which is separate to the pupil file). All child protection records are stored securely and confidentially and will be retained for 25 years after the pupil's date of birth, or until they transfer to another school / educational setting.

In line with statutory guidance, where a pupil transfers from our school to another school / educational setting (including colleges), their child protection records will be forwarded to the new educational setting without delay, separate from their main pupil file. These will be marked 'Confidential' and for the attention of the receiving school's Designated Safeguarding Lead. Care will be taken to ensure confidentiality is maintained and the transfer process is as safe as possible.

We will obtain evidence that the paperwork has been received by the new school and then destroy any copies held in our school unless there is a specific reason for us to keep it, which will be recorded (for example, we still have siblings in the school and the records relate to them too, or there is an ongoing complaint or request for access to records).

We will also keep a record of having received confirmation from the receiving school and [if relevant] of the date when we destroyed our copy.

Where appropriate, the Designated Safeguarding Lead may also make contact with the new educational setting in advance of the child's move there, to enable planning so appropriate support is in place when the child arrives.

Where a pupil joins our school, we will request child protection records from the previous educational establishment (if none are received).

10. Interagency working

It is the responsibility of the Designated Safeguarding Lead to ensure that the school is represented at, and that a report is submitted to, any statutory meeting called for children on the school roll or previously known to them. Where possible and appropriate, any report will be shared in advance with the parent(s) / carer(s). A report will be made available to a Child Protection Conference Chair, 48 working hours in advance of the Conference, and shared with the parents/carers before the day of the Conference. The member of staff attending the meeting will be fully briefed on any issues or concerns the school has and be prepared to contribute to the discussions and, in the case of a Conference, to express a view, at the end of the meeting, as to whether the child(ren) should be made subject to a Child Protection Plan.

If a child is subject to a Care, Child Protection or a Child in Need Plan, the Designated Safeguarding Lead will ensure the child is monitored regarding their school attendance, emotional well-being, academic progress, welfare and presentation. If the school is part of the core group, the Designated Safeguarding Lead will ensure the school is represented, provides appropriate information and contributes to the plan at these meetings. Any concerns about the Child Protection Plan and / or the child's welfare will be discussed and recorded at the core group meeting, unless to do so would place the child at further risk of significant harm. In this case the Designated Safeguarding Lead will inform the child's key worker immediately and then record that they have done so and the actions agreed. If there is an unexplained absence of, or injury to a child subject to a Child Protection Plan, the child's Key Worker must be notified immediately.

11. Allegations or concerns about people working with children

All staff members are made aware of the boundaries of appropriate behaviour and conduct. These matters form part of staff induction and are outlined in the Staff Code of Conduct. The school works in accordance with statutory guidance and the SET procedures in respect of allegations against an adult working with children (in a paid or voluntary capacity). Section 7 of the current SET procedures provides detailed information regarding this.

The school has processes in place for reporting any concerns about a member of staff (or any adult working with children). Any concerns about the conduct of a member of staff must be referred to the Headteacher (or the Assistant Headteachers in their absence), as they have responsibility for managing employment issues. Where the allegation concerns an agency member of staff, the Headteacher (or Assistant Headteachers) will liaise with the agency, while following due process.

Where the concern involves the Headteacher, it should be reported direct to the Chair of Governor who will consult with the Local Authority Designated Officer (LADO).

The SET procedures require that, where an allegation against a member of staff is received, the Headteacher, senior named person, or the Chair of Governors must inform the Local Authority Designated Officer (LADO) on **01702 534539** or safeguardingforchildren@southend.gov.uk within one working day. However, wherever possible, contact with the LADO will be made immediately as they will then advise on how to proceed and whether the matter requires Police involvement. This will include advice on speaking to pupils and parents and HR. The school does not carry out any investigation before speaking to the LADO. The school will manage these procedures alongside the school's disciplinary process, if appropriate, in liaison with the school's HR Advisor.

Staffing matters are confidential and the school operates within a statutory framework around Data Protection.

12. Use of reasonable force

The term 'reasonable force' covers a broad range of actions used by staff that involve a degree of physical contact to control or restrain children. There are circumstances when it is

appropriate for staff to use reasonable force to safeguard children and young people, such as guiding a child to safety or breaking up a fight. 'Reasonable' means using no more force than is needed. Our school works in accordance with statutory and local guidance on the use of reasonable force (see *section 2*) and recognises that where intervention is required, it should always be considered in a safeguarding context.

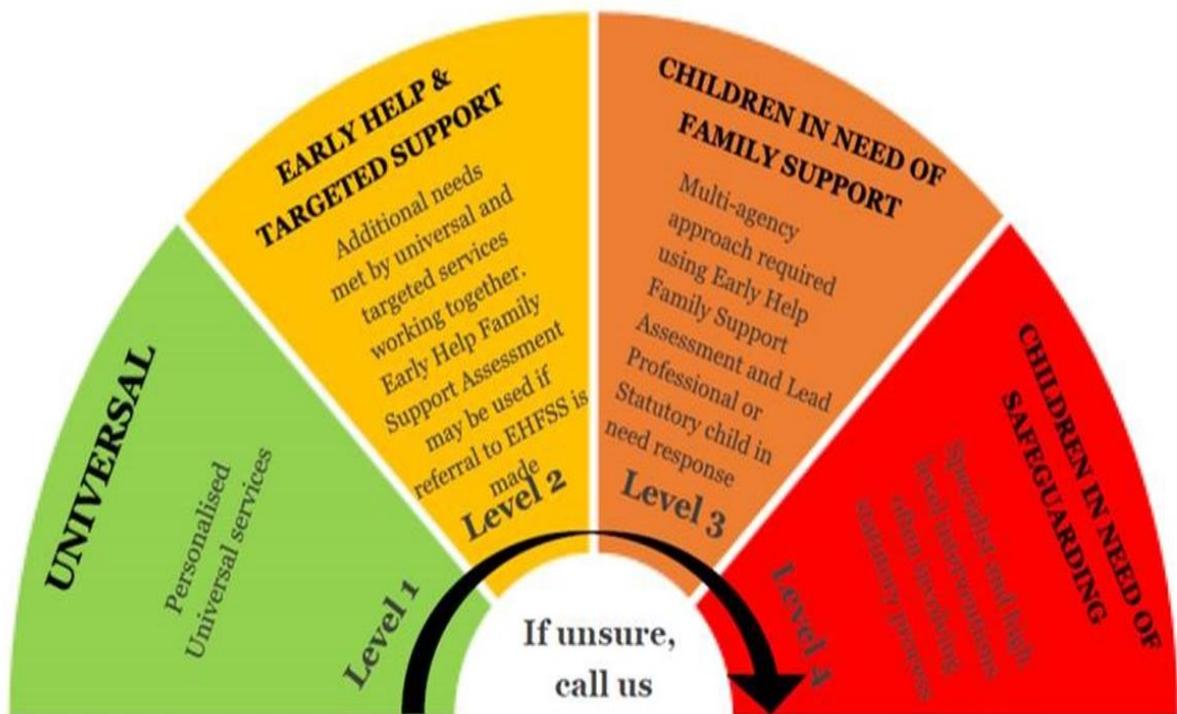

13. Whistleblowing

All members of staff and the wider school community should be able to raise concerns about poor or unsafe practice and feel confident any concern will be taken seriously by the school leadership team. We have 'whistleblowing' procedures in place and these are available in the school Whistleblowing Policy. However, for any member of staff who feels unable to raise concerns internally, or where they feel their concerns have not been addressed, they may contact the [NSPCC whistleblowing helpline](https://www.nspcc.org.uk/whistleblowing) on: 0800 028 0285 (line is available from 8:00 AM to 8:00 PM, Monday to Friday) or by email at: help@nspcc.org.uk.

Parents or others in the wider school community with concerns can contact the NSPCC general helpline on: 0808 800 5000 (24 hour helpline) or email: help@nspcc.org.uk.

Appendix A: Children's Service Key Contacts

<p>MASH+ Children's Social Care, Southend Borough Council: Where schools have concerns for the safety and welfare of a child or young person.</p> <p>OUT OF OFFICE HOURS: To make URGENT referrals</p>	<p>01702 215007</p> <p>mash@southend.gov.uk (unsecure)</p> <p>0345 606 1212</p>
<p>Local Authority Designated Officer (LADO)</p>	<p>01702 534539 (Direct)</p> <p>07827990956 (Mobile)</p> <p>SafeguardingforChildren@southend.gov.uk</p>

Appendix B: Southend Windscreen of Need and Levels of Intervention

Nothing is more important than the welfare of a child. Parents and carers have the primary responsibility for their children. However, local authorities, working with partner agencies, have specific duties to safeguard and protect the welfare of all the children and young people in their area and everyone who comes into contact with children and young people has a role to play.

Safeguarding and promoting the welfare of children can be defined as:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes
-

Working Together to Safeguard Children sets out a clear expectation that local agencies will work together and collaborate to identify children and young people with additional needs

and provide support as soon as a problem emerges. Working Together is a statutory guidance and all practitioners working, or having contact with, children and young people are required to read and understand it so they can meet their legal obligation to keep children safe.

Providing early help is far more effective in promoting the welfare of children – and keeping them safe – than reacting later when any problems, for example neglect, may have become more entrenched. The importance of using a child-centred approach in following the child's journey is also emphasised. All services which are provided must be based on a clear understanding of the needs and views of the individual child in their family and community context.

Along the continuum of services become increasingly targeted and specialised according to the level of need. Children's needs are not static, and they may experience different needs – at different points of the continuum – throughout their childhood years.

The continuum of need matrix does not provide an exhaustive list but provides examples that can be used as a tool to assist assessment, planning and decision making when considering the needs of children/young people and their safeguarding needs in particular. Any safeguarding indicators of concern should always be considered alongside any related needs. It should be remembered that some children/young people will have additional vulnerability because of their disability or complex needs and the parental response to the vulnerability of the child must be considered when assessing needs and risks.

Southend on Sea have adopted the Graded Care Profile 2 (GCP2) to help professionals from across the partnership to support families where neglect is a key feature; this forms part of a wider piece of work in addressing childhood neglect. The GCP2 is a tool designed to provide an objective measure of the care of children who are, or maybe suffering from neglect. It is primarily based on the qualitative measure of the commitment shown by parents or carers in meeting their children's developmental, emotional, physical and safety needs. Information is available on the Safeguarding Partnership website <https://safeguardingsouthend.co.uk/>

Where there is an urgent and immediate need to protect a child, dial 999 to contact the Police. Otherwise for all other children/young people who may be at risk of significant harm, contact MASH+ as soon as possible.

We acknowledge the Essex County Council model Child Protection Policy which contributed to the development of this model policy.

Model Policy Revised: September 2021

APPENDIX C

SIGNS OF ABUSE IN CHILDREN:

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem
- Self-injury
- Depression
- Age inappropriate sexual behaviour
- Child Sexual Exploitation.

RISK INDICATORS

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm
- Justifies the need for careful assessment and discussion with designated / named / lead person, manager, (or in the absence of all those individuals, an experienced colleague)
- May require consultation with and / or referral to First Contact.

The absence of such indicators does not mean that abuse or neglect has not occurred.

In an abusive relationship the child may:

- Appear frightened of the parent/Carers
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups)

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits
- Be involved in domestic abuse

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

RECOGNISING PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness in a child.

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a “cry for help” and if ignored could lead to a more serious injury)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries

Bruising

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Any bruising to a pre-crawling or pre-walking baby
- Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks on small children
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

Bite Marks

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3 cm in diameter are more likely to have been caused by an adult or older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area

- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water is his/her own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation

Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

Fractures

Fractures may cause pain, swelling and discolouration over a bone or joint.

Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life

Scars

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

RECOGNISING EMOTIONAL ABUSE

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or "making fun" of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children.

These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social intervention.

It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay

- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scape-goated within the family
- Frozen watchfulness, particularly in pre-school children
- Low self esteem and lack of confidence
- Withdrawn or seen as a “loner” – difficulty relating to others

RECOGNISING SIGNS OF SEXUAL ABUSE

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (e.g. rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.

They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child’s age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties)

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area
- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is not disclosed
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

Sexual Abuse by Young People

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation.

This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

Developmental Sexual Activity encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

Inappropriate Sexual Behaviour can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. It may also be that the behaviour is “acting out” which may derive from other sexual situations to which the child or young person has been exposed.

If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity included any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base.

<p>SEE BROOK’S TRAFFIC LIGHT ASSESSMENT TOOL FOR SEXUAL BEHAVIOURS – APPENDIX E.</p>

RECOGNISING NEGLECT

Neglect is the persistent failure to meet a child’s basic physical and /or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may also occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to provide adequate food and clothing, shelter including exclusion from home or abandonment, failing to protect a child from physical harm and emotional harm or danger, failure to ensure adequate supervision including the use of inadequate caretakers, or the failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and irresponsive with no apparent medical cause
- Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

Child Sexual Exploitation

The following list of indicators is not exhaustive or definitive but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour
- repeat sexually transmitted infections
- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- changes in the way they dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are
- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- truancy, exclusion, disengagement with school, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol misuse
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

APPENDIX D

Forced Marriage(FM)

This is an entirely separate issue from arranged marriage. It is a human rights abuse and falls within the Crown Prosecution Service definition of domestic violence. Young men and women can be at risk in affected ethnic groups. Whistle-blowing may come from younger siblings. Other indicators may be detected by changes in adolescent behaviours. Never attempt to intervene directly as a school or through a third party. Always call either the Contact Centre or the Forced Marriage Unit 020 7008 0151.

Female Genital Mutilation (FGM)

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

What is FGM?

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

Why is it carried out?

Belief that:

- ❖ FGM brings status/respect to the girl – social acceptance for marriage
- ❖ Preserves a girl's virginity
- ❖ Part of being a woman / rite of passage
- ❖ Upholds family honour
- ❖ Cleanses and purifies the girl
- ❖ Gives a sense of belonging to the community
- ❖ Fulfils a religious requirement
- ❖ Perpetuates a custom/tradition
- ❖ Helps girls be clean / hygienic
- ❖ Is cosmetically desirable
- ❖ Mistakenly believed to make childbirth easier

Is FGM legal? FGM is internationally recognised as a violation of human rights of girls and women. It is **illegal** in most countries including the UK.

Circumstances and occurrences that may point to FGM happening are:

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

See **appendix B OF KCSIE 2021** for further information on: Child abduction, court system, Children missing from education, children with family members in prison, CCE, CSE, county lines, modern slavery, cybercrime, domestic abuse, homelessness, preventing radicalisation, peer on peer abuse, sexual violence and sexual harassment and upskirting.

BROOK SEXUALISED BEHAVIOUR TRAFFIC LIGHT TOOL

NSPCC PANTS GUIDANCE

This 'Traffic Light Tool' forms part of a resource designed to help professionals who work with children and young people to identify, assess and respond appropriately to sexual behaviours.

By identifying sexual behaviours as GREEN, AMBER or RED, professionals across different agencies can work to the same criteria when making decisions and protect children and young people with a unified approach. The normative list aims to increase understanding of healthy sexual development and distinguish it from harmful behaviour.

This tool must be used within the context of the guidance provided at www.brook.org.uk/traffic-lights and should not be used in isolation.

What is a Green behaviour?

- Green behaviours reflect safe and healthy sexual development. They are:
- displayed between children or young people of similar age or developmental ability
 - reflective of natural curiosity, experimentation, consensual activities and positive choices
- Expressing sexuality through sexual behaviour is natural, healthy and a part of growing up.
- Green behaviours provide an opportunity to positively reinforce appropriate behaviour, and to provide further information and support.

Green behaviours

- Age 0 – 5**
- holding or playing with own genitals
 - attempting to touch or curiosity about other children's genitals
 - attempting to touch or curiosity about breasts, bottoms or genitals of adults
 - games e.g. mummies and daddies, doctors and nurses
 - enjoying nakedness
 - interest in body parts and what they do
 - curiously about the differences between boys and girls
- Age 5 – 9**
- feeling and touching own genitals
 - curiosity about other children's genitals
 - curiosity about sex and relationships, e.g. differences between boys and girls, how sex happens, where babies come from, same-sex relationships
 - sense of privacy about bodies
 - telling stories or asking questions using swear and slang words for parts of the body
- Age 9 – 13**
- solitary masturbation
 - use of sexual language including swear and slang words
 - having girlfriends who are of the same or opposite gender
 - interest in popular culture, e.g. fashion, music, media, online games, chatting online
 - need for privacy
 - consensual kissing, hugging, holding hands with peers

Age 13 – 17

- solitary masturbation
- sexually explicit conversations with peers
- obscenities and jokes within the current cultural norm
- interest in erotica/pornography
- use of internet/e-media to chat online
- having sexual or non-sexual relationships
- sexual activity including hugging, kissing, holding hands
- consenting oral and/or penetrative sex with others of the same or opposite gender who are of similar age and developmental ability
- choosing not to be sexually active

What is a Red behaviour?

- Red behaviours are outside of safe and healthy behaviour. They may be:
- excessive, secretive, compulsive, coercive, degrading, or threatening
 - involving significant age, developmental, or power differences
 - of concern due to the activity type, frequency, duration, or the context in which they occur
- Red behaviours indicate a need for immediate intervention and action, though it is important to consider actions carefully.
- Please refer to internal guidance or safeguarding frameworks to decide on the next steps to take or talk to a designated safeguarding lead.

Red behaviours

- persistently touching the genitals of other children
 - persistent attempts to touch the genitals of adults
 - stimulation of sexual activity in play
 - sexual behaviour between young children involving penetration with objects
 - forcing other children to engage in sexual play
- Age 5 – 9**
- frequent masturbation in front of others
 - sexual behaviour engaging significantly younger or less able children
 - forcing other children to take part in sexual activities
 - stimulation of oral or penetrative sex
 - sourcing pornographic material online
- Age 9 – 13**
- exposing genitals or masturbating in public
 - distributing naked or sexually provocative images of self or others
 - sexually explicit talk with younger children
 - sexual harassment
 - arranging to meet with an online acquaintance in secret
 - genital injury to self or others
 - forcing other children of same age, younger or less able to take part in sexual activities
 - sexual activity e.g. oral sex or intercourse
 - presence of sexually transmitted infection (STI)
 - evidence of pregnancy
- Age 13 – 17**
- exposing genitals or masturbating in public
 - preoccupation with sex, which interferes with daily function
 - sexual degradation/humiliation of self or others
 - attempting/forcing others to expose genitals
 - sexually aggressive/exploitative behaviour
 - sexually explicit talk with younger children
 - sexual harassment
 - non-consensual sexual activity
 - use of force/coercion of power and control in sexual relationships
 - genital injury to self or others
 - sexual contact with others where there is a big difference in age or ability
 - sexual activity with someone in authority and in a position of trust
 - sexual activity with family members
 - involvement in sexual exploitation and/or trafficking
 - sexual contact with animals
 - receipt of gifts or money in exchange for sex

LEARN THE UNDERWEAR RULE

TALK PANTS AND YOU'VE GOT IT COVERED!

P RIVATES ARE PRIVATE

Parts of your body covered by underwear are private. No one should ask to see, or touch them. Sometimes doctors, nurses or family members might have to. But they should always explain why, and ask if it's OK first. No one should ask you to touch or look at parts of their body that are covered by underwear.

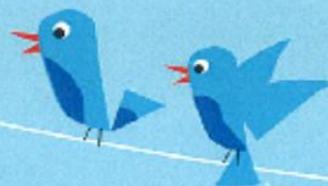

A LWAYS REMEMBER YOUR BODY BELONGS TO YOU

It's your body, no one else's. No one should make you do things that make you feel embarrassed or uncomfortable. If anyone tries, tell an adult you trust.

N O MEANS NO

You have the right to say 'no' – even to a family member or someone you love. Remember, you're in control of your body and your feelings are important.

S PEAK UP, SOMEONE CAN HELP

Talk about stuff that makes you worried or upset. An adult you trust will listen, and be able to help. It doesn't have to be a family member. It can be a teacher or a friend's parent – or even ChildLine.

T ALK ABOUT SECRETS THAT UPSET YOU

Secrets shouldn't make you feel upset or worried. If they do, tell an adult you trust. You will never get into trouble for sharing a secret that upsets you.
