## Reception classes enjoying the sun and morning snack!

**4 Gideon** putting into practice all their learning to play a mini Tag Rugby Tournament against each other - some real talent emerging in the class!

**Oysters** were very busy in the Nature Area yesterday. As their Science topic is Materials, they used the blindfolds, finding a natural material, presenting it to a friend who in turn had to describe it and guess what it was. Some very descriptive vocabulary was used by all. Moving on, oysters worked in groups to design a natural shelter for a small teddy. Again discussion was key in making their shelter comfortable, protected from wind and rain and durable!

## Introducing our new science ambassadors -

Daimen, Cooper, Aidan, Arian, Erin, Jaslin, Jessica, Anson, Hannah, Dylan, Max and Harrison. They will assist Mrs Miller in promoting Science around the school. Their first job is to devise some playground science experiments. Watch this space!

**Year 6** received a talk from Jan this week. They learnt how a court room functions, is set up and what happens inside. Jan gave them many facts and assisted their learning in this area. Thank you, Jan. Year 6 are now very keen to hold their own trials.
