

In class we will continue our work on audio recording in I.T. Can you make your own recording to play to the class or write a short script to perform in class? You can ask your parents to e-mail any recordings in to us :-)

**Free Choice —
Anything you like!**

There are many famous scientists who discovered and/or used electricity in their work. Can you find out about 1 and make a poster or write a biography about them.

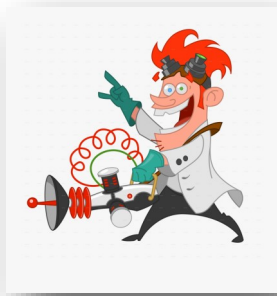

Do both of these.

1. Write a Christmas Haiku poem
2. Write 6 words that use onomatopoeia to suggest the sounds of Christmas. Use felt tip pens and bold writing to illustrate the words.

Let it Shine!

Complete at least 4 pieces of homework and hand in by Friday 9th December.

Imagine you are an inventor.

Can you design a new super invention that uses electricity to help clean the sea's of rubbish?

Draw or photograph at least 2 things in your home that use mains electricity and Draw or photograph at least 2 things that use batteries in your home.

**In your homework book
Design a poster that tells children how to be safe around electricity.**

Include Bold and eye-catching font and pictures.

Copy out the poem Firework Night by Enid Blyton , or write your own. In your best handwriting and illustrate it. Practise and perform it to the class if you can!

And / Or

Create a storyboard of the story of the Creation, Book of Genesis: Chapter 1. When God created Light!

**Do you play an instrument?
Can you dance? or maybe you could write and perform a rap song for the class with a friend?. In our last week of term we would like to put on a celebration for the Year so if you want to perform now is your chance to start practicing!**
