

Hopefully the sun will come out soon! Find some things out about how to keep safe in the sun and design a poster with a key message.

We are looking at Adventure Island for our local history study. Can you re-search another theme park in England (Thorpe Park or Chessington for example) and find some facts about your chosen tourist place. Which county is it in? How many rides are there? etc

We have been looking at the Jewish religion. At Passover they eat a meal with foods that represent elements of when they left Egypt for the holyland. The Jewish people eat crackers called Matzo and they play a game where they break the crackers and the children hunt for the pieces. The child that finds the largest piece is the winner. Play this game at home with biscuits or crackers with your family. Who won?

Fun and Sun around the World

Summer Two: To be handed in by Tuesday 16th July please to show your friends in both of the year 3 classes. Thank you.

There is a copy of this on the school website.

Free choice.....what will you decide?

Plan a day out for your summer. Make a timetable of what you are going to do starting with waking up. Remember to write the times in 24hr digital

It is nearly the summer holidays. Write a description of an ideal place you would like to go on holiday to. You can either make your writing factual or you can make it descriptive.
