

**Find out about a famous volcano. Write which country and continent it is in and some interesting facts about it.**

**Draw paint or create a 3D volcano out of Lego or something else. Take a picture of your 3D model or bring your picture to school.**  
*year3@st-helens.southend.sch.uk*

**Ask all the members of your family about their favourite plants and animals in God's world and record in your homework book.**

**Write a prayer saying thank you for all of God's creation.**

**Erupting into year 3!  
Autumn One  
Hand in on  
Tuesday 22nd October**

**Write a diary page yourself about a day you enjoyed in your summer holiday or something you have done at the weekend. Or write it with an adult and help them with the spelling.**

**Practise counting objects in threes or write out your three times table—add the related division facts if you can. Test your family on their three times table!**

**Go to the beach and look at the stones and rocks. Did you find any interesting ones? Take a photo and send it to our class e mail. Or dig up some soil and investigate what it is made up of.**

**Go to the library and find a book about volcanoes. Bring it in to show us!**
