

Literacy— Why not keep a diary whilst you are off of school. Write in the first person about each day.

Maths—Try creating a maths work sheet or number problem for other children to do.

Maths— keep using My Maths and Education city - your teachers will set some work for you to do too.

History—If you have access to the internet why not find out information about Colchester Castle and write up a time line or non-chronological report.

Maths—Times tables! Don't forget to keep exercising your brain and working on your tables. There are plenty of on-line sites to look at as well as the ones we use at school.

Literacy—keep working on your spellings - Use Ed shed and maybe write sentences using the words you are spelling.

Free choices. Try something else. Surprise us with your amazing ideas and inventiveness , ingenuity and imagination! Art, poems models, writing or anything else you can come up with.

RE— 1.

As we missed acting out the Easter story can you storyboard the story of Easter , or maybe write a news report, headline , introduction, report and pictures to tell the story.

2. Lent is the season when Christians practise both giving and giving-up, Can you write a list of things that you could give up for lent and explain why it is important to give things up in this way?

3. Doing anything worthwhile often involves making choices, giving up something and working hard. It requires self- discipline. Research the life story or daily life of someone who has excelled in sports, music or art. What kind of self- discipline did it require and what did they achieve? If you were to interview them, what questions would you ask?

4. Do some research and create a simple guide, describing what happens on Ash Wednesday and what Catholic Christians try to do in Lent. Explore the signs, symbols and actions involved and give reasons for some of these if you can.

Year 4 — Home working Ideas for when you are off school

DT—Maybe try your hand at cooking at home , write up the recipe and take some pictures of you results to show when we get back to school.

Art—try drawing something in your home or garden—we call this still life! Or maybe you could make a model of something to bring to school. You could even recycle some rubbish to do this ! Maybe draw and paint our school! Or do a family portrait.

Using paper and pencils can you design a totally new game for children to play? Maybe combine 2 games together ? Design a board to play on and write down the rules so others can play the game.

Science — Log into Education City and try some of the games and tasks in their science section. Try growing a plant at home as an experiment and write up your progress..
