# Your new teachers will be Mrs Richards and Mrs Miller

We are really looking forward to welcoming you into class 6 in September as, Coronavirus or not, we want to make the learning environment as interesting for you as possible.

There are some wonderful topics and projects to complete with different and exciting activities lined up.

The next few slides provide details of some of the things that you can look forward to experiencing during year 6!

# Our Year 6 Topics

- ▶ Reading - We will be reading Beetle Boy and The Explorer with cross-curricular activities set around them.  
(Please *do not* read these first as it will spoil our work in class)
- ▶ Science - Living Things, Our Body, Evolution, Light and Electricity
- ▶ Nature Area - jobs, activities, fun, projects and problems to solve!
- ▶ Topics -The Ancient Aztecs, British Crime and Punishment and Where in the World?

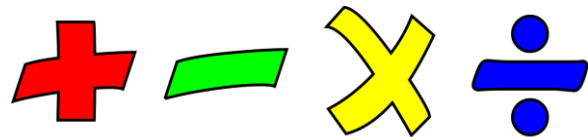

# The Learning Continuum...

We will, of course, continue with some of the things you are used to such as:  
*CLIC, Big Maths Beat That and Big Writing.*

Plus, we will be undertaking exciting Art, DT and PE and trying to read as many books as we can.

We wonder who will gain the greatest number of 'Starbook' tokens?

# Oh, the places you'll go...

(Subject to COVID restrictions ☹️)

- ▶ The beach
- ▶ The police station
- ▶ Women's World Day of Prayer
- ▶ Skreens
- ▶ Treat Day -  
We never  
tell!

# Some Ideas for the holiday...

- ▶ Complete the summer reading challenge through your local library.
- ▶ Read a whole variety of texts - anything you enjoy and challenge yourself to read something new!
- ▶ Work on the targets from your year 5 report.
- ▶ Regularly practise your mental maths: times tables, number bonds to 20, 100 etc.

We'd like to wish you all a wonderful summer holiday and look forward to seeing you all in September.
