

Create your own biome. Draw and label a diagram of your biome. Make sure you show or describe the climate, vegetation and animals in your biome.

Create a Powerpoint presentation on how people use sources of power in their homes, school or in their work. Talk about how we can reduce or save our use of energy resources. Can you include some examples of renewable energy resources?

Write an interview between a journalist and an emergency aid worker. Include what the aid worker does if there is a natural disaster and why they do it.

Write a newspaper report on the discovery of unusual weather phenomena e.g. a double rainbow, a moon bow or ball lightning.

Free Choice

EXTREME EARTH HOMEWORK

Create a collage picture of extreme weather.

Global warming is having a huge effect on the earth. Write a letter to the people of Southend-on-sea. Explain global warming and persuade the people to help reduce the effects of global warming. Make sure you use effective language and techniques to be really persuasive e.g. rhetorical questions.

Research and write a report on the volcanos that are currently active in the world. Include the countries that they are found in, how the local people live and are affected by the volcano. Can you find out how the volcanoes effect the landscape?

Paint a landscape picture of part of your local area e.g. part of Priory park, part of the cliffs (Westcliff), Hadleigh castle/ downs, Two Tree Island Nature Reserve.

Homework for this half term will be due in **Monday 14th December**

Please start with completing at least 2 of the activities in bold first.
